1 INTRODUCTION

Tute puts the student at the core of everything we do and safeguarding them is our absolute priority. Safeguarding and promoting the welfare of children is everyone's responsibility.

Every child has the absolute right to a childhood free from abuse, neglect or exploitation. We want students to learn and achieve safely.

Everyone who comes into contact with children and their families and carers has a role to play in safeguarding. In order to fulfil this responsibility effectively, Tute follows a safer recruitment policy, adhering to Part 3: Keeping Children Safe in Education (2020).

2 PURPOSE AND AIMS

The purpose of this policy is to:

protect children and young people who receive Tute's services from harm.

to provide staff, as well as children and young people, with the overarching principles that guide our approach to child protection.

This policy applies to anyone employed or contracted to work at Tute and those who employ or contract them.

The aim of the policy is to ensure that Tute will identify the most suitable applicants for any vacancy and to deter, reject and expose those who may pose a risk to the safety of children. We will not discriminate on any grounds that cannot be demonstrated as directly relevant to the post.

We will do this by:

- safeguarding and protecting all children and young people by implementing robust safer recruitment practices
- identifying and rejecting applicants who are unsuitable to work with children and young people.
- responding to concerns about the suitability of applicants during the recruitment process

- responding to concerns about the suitability of employees and volunteers once they have begun their role.
- ensuring all new staff participate in an induction which includes safeguarding training.

3 LEGISLATION AND STATUTORY GUIDANCE

Keeping Children Safe in Education (2024)

Statutory guidance issued by the Department for Education which sets out the legal duties to safeguarding and promoting welfare of children and young people under the age of 18 in schools and colleges.

Keeping Children Safe in Education (2023)

6 TUTE TEACHER TRAINING

Tute has a thorough and rigorous training and induction package which successfully upskills tutors to ensure consistent, high-quality tuition across all Key Stages and subjects. There are two stages to our training prior to deployment of tutors with schools: recruitment and induction.

All teachers must complete all training before teaching Tute's students.

Candidates who successfully progress through to the microteach stage must first receive online training which is delivered in our learning cloud, this will focus on our Tute pedagogy and lesson structure, all candidates are required to adhere to this structure. This will be delivered by our teacher trainer which is outlined in the below section:

6.1 Microteach training

Tute Pedagogy: strategies to successfully implement our pedagogy when creating and delivering lessons; approaches to providing students with scaffolding and feedback within Bloom's Taxonomy, metacognition and AfL. It informs tutors how to have greatest impact on student progression and teaches how to adapt content and delivery following assessment of progress and to ensure pupil engagement.

Learning Cloud: interactive training to be fully proficient in the use of the online classroom. After reviewing an instructional video, teachers practise in a live classroom where they access all features that support lesson delivery and promote pupil engagement. Recordings of exemplar lessons are also shared.

6.2 Microteach delivery

All candidates who successfully progress through from the training stage will then be required to deliver an online lesson following the Tute pedagogy and lesson structure training, with members of the Tute team taking the role of students.

Tutors who are successful at microteach will move on to full induction training: this is a series of modules, utilising a blended approach of instructor-led training and completion of our purpose-built asynchronous course which can monitor and track teacher progress. Each module ensures a level of competence in Tute's disciplines, supports throughout the different stages of a teacher's career at Tute and enables a holistic proficiency. An assessment follows each module with outcomes reviewed by our Quality Assurance Executive and further support provided if required.

6.3 Induction Module

The induction modules are listed below and detailed in the module amplification documents.

1. Planning to teach online.
2. Delivering a Tute lesson
3. Assessing and evaluating effectively
4. Safeguarding at Tute
5. Supporting learners with SEND
6. Adhering to policies and procedures
7. Raising the attainment of disadvantaged students
