

ONLINE SAFETY

DON'T SHARE YOUR PERSONAL INFORMATION

Like your full name, address, school or phone number with anyone online.

KEEP YOUR PASSWORDS PRIVATE

Never share them with friends or anyone else. Strong passwords keep your personal information safe.

THINK BEFORE YOU CLICK

Don't open links or attachments from people you don't know. They could contain viruses or lead to unsafe websites.

NOT EVERYTHING ONLINE IS TRUE

Someone online might lie about who they are and information you find on the internet might not be true. Always check.

Tell a safe adult if you have a worry or question about staying safe online
